**IT'S IMPORTANT THAT YOU FOLLOW THE RECOMMENDED INSTRUCTIONS STATED BELOW WHEN CARING FOR ALL SAMURAI GARMENTS** **Washing**

Always look for the garment care label and follow the washing instructions. Washing machines, powders and fabrics are specially manufactured to ensure that when washed at the right temperature your clothes will come out looking their best time after time.

- Before washing, close all zips, undo buttons and flatten out collars and cuffs
- Check pockets and linings for loose or sharp objects.
- Turn garments inside out to reduce abrasion so avoiding contamination from other garments during the wash cycle.
- Always read the label for individual garment instructions, such as washing temperature.
- Garments of similar colours can be machine washed together where stated on the care label.
- Do not overload the washing machine.
- Always use the correct amount of detergent depending on how soiled the garments are.
- Check garments regularly for marks or stains and remove as soon as possible. (A pre-soak may be necessary).

 **Drying**

DO NOT TUMBLE

Always check the care label to see whether a garment can be tumble dried. We recommend natural drying with most Samurai garments. For best results pull garment into shape when damp.

 **Ironing**

The iron symbols advise the optimum temperature at which to iron. The dots represent the recommended iron temperature; the more dots the hotter the iron.

- | | | |
|---|-----------------------------|-------------------------------|
|  | Iron Symbol with one dot | (Up to 1100 – Cool) |
|  | Iron Symbol with two dots | (Up to 1500 – Warm) |
|  | Iron Symbol with three dots | (Up to 2000 – Hot) |
|  | Do not Iron Symbol | (Steam Treatment NOT allowed) |

- Iron each garment on recommended setting as per the care label.
- Do not iron directly onto a printed garment. Always iron on the reverse side.
- When ironing dark garments avoid 'iron shine' by either pressing on the inside of the fabric or through a damp cloth. This is not applicable if you are using a steam iron.
